Dear Ms. Henney:

This is written in support of the petition filed by the Center for Food Safety and the Organic Consumers Association. The petition requests the Food and Drug Administration (Docket #00P-1211/CPI) to remove all genetically engineered food and crops from the market until extensive safety-testing has been done. It is a consumer's right to be certain such foods are safe to use. Thank you for your time and concern.

Sincerely,

Ann Weronke
